

FIG. 2 is an exploded perspective view of the device. It shows a top cover 30, a central component 22, a base plate 14 with a circular opening 34 and a rectangular slot 36, a semi-circular piece 12, and a curved piece 20. A bracket 16 groups the base plate 14 and the semi-circular piece 12. A dashed line 18 indicates the assembly path.
